

Legend Biotech Corporation Announces Proposed Public Offering

SOMERSET, NJ – December 14, 2021 – Legend Biotech Corporation (NASDAQ: LEGN) (“Legend Biotech”), a global clinical-stage biopharmaceutical company engaged in the discovery and development of novel cell therapies for oncology and other indications, today announced that it intends to offer and sell \$300.0 million of American Depositary Shares (“ADSs”), each representing two ordinary shares, in an underwritten public offering. All ADSs to be sold in the proposed offering will be offered by Legend Biotech. Legend Biotech also intends to grant the underwriters a 30-day option to purchase up to an additional \$45.0 million of ADSs sold in the public offering at the public offering price, less underwriting discounts and commissions. The offering is subject to market conditions, and there can be no assurance as to whether or when the offering may be completed or the actual size or terms of the offering.

Morgan Stanley, J.P. Morgan, Jefferies, Piper Sandler & Co. and Barclays are serving as joint book-running managers for the offering. BTIG is serving as a co-manager for the offering.

The ADSs are being offered by Legend Biotech pursuant to an effective shelf registration statement that was previously filed with the Securities and Exchange Commission (“SEC”). The offering is being made only by means of a written prospectus and prospectus supplement that form a part of the registration statement. A preliminary prospectus supplement relating to and describing the terms of the offering will be filed with the SEC and will be available on the SEC’s website at www.sec.gov. A copy of the preliminary prospectus supplement can be obtained, when available, from Morgan Stanley & Co. LLC, 180 Varick Street, New York, NY 10014, Attention: Prospectus Department, or by telephone at (866) 718-1649; J.P. This press release does not constitute an offer to sell or the solicitation of an offer to buy securities, and shall not constitute an offer, solicitation or sale in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of that jurisdiction.

About Legend Biotech

Legend Biotech is a global, clinical-stage biotechnology company dedicated to treating, and one day curing, life-threatening diseases. Headquartered in Somerset, New Jersey, we are developing advanced cell therapies across a diverse array of technology platforms, including autologous and allogenic chimeric antigen receptor T-cell, T-cell receptor (TCR-T), and natural killer (NK) cell-based immunotherapy. From our three R&D sites around the world, we apply these innovative technologies to pursue the discovery of safe, efficacious and cutting-edge therapeutics for patients worldwide.

We are currently engaged in a strategic collaboration to develop and commercialize our lead product candidate, ciltacabtagene autoleucel (cilta-cel), an investigational BCMA-targeted CAR-T cell therapy for patients living with multiple myeloma. Applications seeking approval of cilta-cel for the treatment of patients with relapsed or refractory multiple myeloma (RRMM) are currently under regulatory review by several health authorities around the world, including the U.S. Food and Drug Administration and the European Medicines Agency.
